[enya on apple music](#)

May 22nd, 2020 - shepherd moons was even more successful than

its predecessor eventually selling over ten million copies

worldwide it entered the u s charts at number 17 and remained in

the top 200 for almost four years again enya was slow to follow up

on the success of shepherd moons spending nearly four years

working on her fourth album,"**shepherd moons enya**

songs reviews credits allmusic

May 27th, 2020 - shepherd moons does have one key factor that s also carried over from watermark it s quite good listening though the total continuity means that those who enjoy her work will again be pleased and those who dislike it won t change their minds in terms of finding her own vision and sticking with it enya has increasingly polished and refined her work to a strong elegant degree'

'shepherd moon

~~may 22nd, 2020 - a shepherd moon also herder moon watcher moon is a small natural satellite that clears a gap in planetary ring material or keeps particles within a ring contained the name is a result of the fact they limit the herd of the ring particles as a shepherd due to their gravitational effect they pick up particles and deflect them from their original orbits through orbital resonance"~~
