**economic and financial impacts of
natural disasters an**

June 5th, 2020 - to understand and
assess the economic consequences of
natural hazards and the implications
for policy it is necessary to
consider the pathways through which
different types of hydro
meteorological climate related and
geophysical hazard impact on an
economy the different risks posed and
the ways in which societies and
economies adapt to or ignore these
potential threats'

**'how natural
disasters are hindering
political development**

May 24th, 2020 - natural
disasters hinder
political development in
haiti due to the
frequency of the
disasters there has been
a significant lack of
city planning and
sustainable
infrastructure in the
country lack of good
infrastructure threatens
the provision of public
goods which consequently
can lead to more
political instability
and tensions within the
country'
