pterosaur creationwiki the encyclopedia of creation science

April 26th, 2020 - main article living pterosaur cryptozoologists

have been investigated sightings of possible living pterosaur in

remote areas according to a 2006 press release intermittent

expeditions on umboi island papua new guinea from 1994 through 2004 resulted in the pilation of eyewitness testimonies that substantiated a hypothesis that pterosaurs may not be extinct,
