YEARS AGO AS ANCIENT FARMERS

~~CLEARED FORESTS TO GROW CROPS~~

**'the anthropocene a new epoch
of geological time**

May 21st, 2020 — the last period
of time the quaternary began
just 2.6 ma and includes two
epochs the pleistocene and the
holocene the latter by far the
shortest in the geological time
scale began only about 11,500
years ago witnessed by changes
in climate that manifest in an ice
core from greenland the
holocene is really just the last of
a series'

**'one geologist's perception of
the anthropocene**

may 20th, 2020 - berlin 2014

the anthropocene working group awg of which i am a member was convening for the first time to deliberate the proposal to formalize a new geological time unit in earth s history this was personal to me because i had been in berlin in 1961 when the wall went up and i was there again in 1989 when it came down i knew the anthropocene was a significant idea a big"the anthropocene neglects misconceptions and possible

May 14th, 2020 - first the concept of the anthropocene is not a recent invention but was first proposed about one century and a half ago albeit under a different name second its frequent and extended usage may create the

misconception that the term is already a formal official unit of geologic time scale but it is not'

'what is the anthropocene eos

June 3rd, 2020 - the

anthropocene can easily be depicted on the formal geologic time scale but will not be a formal unit of it some people may consider the anthropocene to be an informal unit of geologic time'

'defining The Anthropocene Nature

May 31st, 2020 - Formal Criteria Must Be Met

To Define A New Human Driven Epoch The

Geological Evidence Appears To Do So With

1610 And 1964 Both Likely To Satisfy The
Requirements For The Start Of The
Anthropocene
