mysteries tragic accidents and
the science behind it all'**

history of poison

may 31st, 2020 - the history of poison stretches

from before 4500 bce to the present day poisons

have been used for many purposes across the span of human existence most notably as weapons and poisons and medicines. Poison has allowed much progress in branches such as toxicology and technology among other sciences. Poison was discovered in ancient times and was used by ancient tribes and civilizations as a,
